

Thank you for asking about my flight and/or drone!

I will be more than happy to talk to you **after I have safely landed** as I have a responsibility to be always in control of my aircraft. Thank you

In the meantime, please be assured: -

- ✓ I am flying in accordance with the rules set out by the Civil Aviation Authority (CAA) (QR code 1 overleaf)
- ✓ I am a registered operator with a valid Operator and Flyer ID, which I am happy to show you. I also have public liability insurance.
- ✓ Before flying I have checked for any flight restrictions in this area. You can also check these at dronesafetymap.com (QR code 2 overleaf)
- ✓ My drone is under 250g, therefore, rules relating to distance between people and property do not apply. However, I am careful not to fly too close to either ensure safety and/or respect privacy (QR code 3 overleaf)

	QR Code 1 – CAA Drone Code – this contains all information relating to the rules surrounding drones and flying them.
	QR Code 2 – dronesafetymap.com – you can search for an area or allow the site to locate you if you wish.
	QR code 3 – CAA Drone Code – where I can fly section – note section 4 paragraphs 6-8 relating to drones under 250g.
